

In these unprecedented times we are all missing our families and friends.
So I thought it might be nice to think about all the fun things you have done
together.

Below are some figures, you can use your own if you wish.

Cut them out and write on each one a memory that you enjoyed - it might be a
cuddle and a chat with your nan, a holiday with your family, a game of football
with your grandad, a picnic in the park.

Then join them altogether until you meet up again.

STAY SAFE

GOD BLESS
